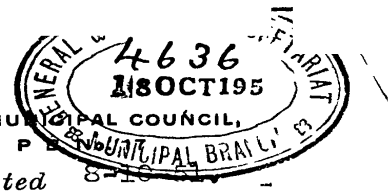
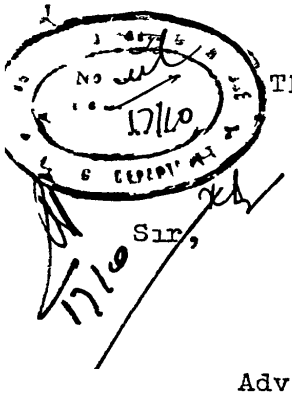
No. & Encls 2 Estimate & one



Mysore, Dated 8-10-51

From

THE MUNICIPAL COMMISSIONER
CITY MUNICIPAL COUNCIL
MYSORE



The Secretary to Government,
L.S.G. Department, Bangalore.
(Through the President).

Sir,

Subject - Seal coating Adipampa road.

Adverting to Government Order No.L. 5263-5 CM 10-51-14 dated 22-8-51 sanctioning the estimate approved by the Council for Rs. 5900/-, reducing it to Rs 5500/-, as scrutinized by the Superintending Engineer, Cauvery Circle, I write to state that, in the estimate so scrutinized, the rate provided for granite chips at Rs. 13/- which is the scheduled rate, duly accepted by the Council, has been reduced to Rs. 10/- and an observation is made that the charges in respect of item No 7 of the estimate, regarding rolling with steam road roller metal surface, be paid on cubic yard basis, though the area rolled could be considered only on area basis

In these circumstances, the Council have approved of the note of the Municipal Engineer to request the Government to sanction the rate for collection of chips at Rs. 13/- and to allow payment in respect of the rolling, on square yard basis

A copy of the resolution of the Municipal Council in this behalf together with the estimate is sent herewith for reference I request that orders of Government may be obtained in this behalf and communicated.

Yours faithfully,

T Varadaraja Iyengar
Municipal Commissioner

CITY MUNICIPAL COUNCIL,
P B No 17
Mysore, Dated 31st March 1952

From

THE MUNICIPAL COMMISSIONER
CITY MUNICIPAL COUNCIL,
MYSORE

The Secretary to Government,
L S G Department,
Bangalore - 1

(Through the President)

Sir,

Subject - Adoption of an uniform schedule of rate both by Government and quasi-Government Institutions

---

In continuation of this office letter No C2 PR 17/ 51-52 dated 4th February 1952 on the above subject, I write to state that for construction of buildings the schedule of rates sanctioned for the Mysore Division and Buildings Division by the Chief Engineer is being adopted in the Municipality The schedule of rates for road works adopted in Mysore Division outside the Municipal limits will not be workable for roads within the Municipal limits Therefore, a separate schedule of rates for road works is being prepared every year in this Municipality after calling for quotations from various contractors of the Municipality The present system appears to be the only feasible one In the circumstances, I request that Government may be moved kindly to approve of the present practice of framing schedule of rates for road work within Municipal limits by calling for quotations from registered contractors of Municipality This schedule will be sent to the Executive Engineers of Buildings Division and the Mysore Division for adoption in regard to the roads maintained by the Public Works Department within the Municipal limits after they get the approval of

the Chief Engineer to the schedule

BANGALORE 1
(Through the President)

Sir,

Subject Seal coating Adipampa road

With reference to the correspondence ending with your letter No 6479 dated 7-8-1952 on the above subject I write to state that an estimate is prepared for Rs.6500/- by the Municipal Engineer for the work in question providing the approved rates in vogue in Cauvery circle in respect of all items except for collection of chips for which Rs.12/- only has been provided for as per direction contained in para 1 of your letter under advertance The same is enclosed for needful

It is to be stated that on the representation of the contractors of the Municipality, the Council have resolved at their meeting held on 7-2-1953 to allow a rate of Rs 13/- per cubic yard for collection of chips as against Rs 10/- paid so far and as against Rs.13-8-0 that is allowed in the Cauvery circle, and Rs.13/- allowed in the Building Division A separate reference is made to you in this behalf to obtain orders of Government to sanction the resolution, a copy of which is enclosed herewith for reference It is perhaps equitable to allow the same rate of Rs 13/- as is to be paid to other works, to the work in question also

In these circumstances I request you kindly to obtain orders of Government sanctioning the estimate now sent up for Ps 6500/- at Rs 6634/- the excess of Rs.134/- being the differen hanging (for 134 units) of the rate of Rs.13/- resolved to be paid by ndation Council and the rate of Ps 12/- directed to be provided in p di g Dn estimate

Copy of the Municipal Engineer's note dated 16-1-1953 explaining the same is also enclosed for reference

Yours faithfully,

(F M Abdul Rahim)

Note dated 16th January 1953 from the Municipal Engineer, C M C Mysore

---

Subject Memo No CL 6713 dated 5-1-1953 from the Commissioner, C M C Mysore, returning the revised estimate for Rs 6500/- for semi-grouting Adipampa road for certain clarifications

---

With reference to the above, it is to be reported that the revised estimate for Rs 6500/- has been prepared as per rates in the approved schedule of rates in the Cauvery Circle, Mysore, except for the item under collection of granite chips for which a rate of Rs 12/- per cyd has been estimated as directed by Government in their letter No L 6479 dated 7-8-1952 In this connection it is to be brought to kind notice that the rate provided in the schedule of rates ~~in~~ in the buildings division for chips is Rs 13 per cyd while the rate at Cauvery Circle is Rs 13-8-0 per Cyd (as intimated in letter No 14488 dated 30-10-1952 from the Superintending Engineer, Cauvery Circle communicated in Municipal Commissioner's letter No C5 PR 40/52-53 dated 6-11-52) In the circumstances, it may also be considered whether this rate of Rs 13 per cyd should not be taken into consideration in which case the value of this estimate would rise by Rs 134/- On a representation made by several contractors of the Municipality a separate note has been placed before the Municipal Council in which a rate of Rs 13/- per Cyd chips has also been recommended

Under the circumstances, it is for kind orders if the estimate for Rs 6500/- based on the schedule of rates for all the items of work except for collection of chips be sent to Government for sanction or to further revise the same changing the rate of chips from Rs 12/- to Rs 13/- as per recommendations made based on the current schedule rate in Mysore Buildings Dn

and Cauvery Circle, Mysore

2 The entire file of papers are also herein closed for kind perusal and orders together with the estimate
